

## General Data

Total Area (sq. km): 56,594 | Population: 3,850,894  
 Baltic Sea Region: No | State Structure: National  
 TEN-T Corridors: Baltic Sea - Adriatic Sea, Rhine - Danube, Mediterranean, Western Balkans - Eastern Mediterranean

## Combined Transport (CT) Stakeholders

**14**  
CT-Operators

**8** Continental CT Terminals  
**7** Terminal Operators

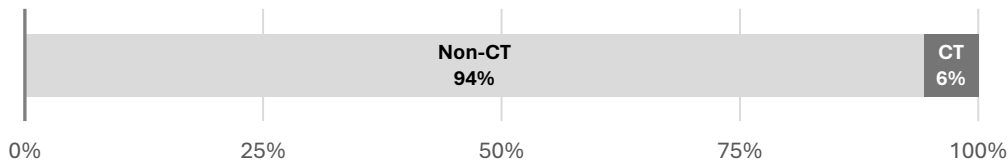

**15**  
Railway Undertakings

**1** Infrastructure Manager  
HŽ Infrastruktura d.o.o.  
<https://www.hzinfra.hr/>

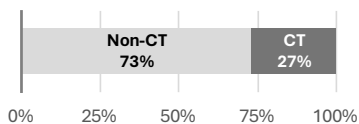

Share of Combined Transport (CT) and Non-Combined Transport (road, rail, inland navigation) in total freight transport performance (2022)

### Rail Performance

Total goods transported (2022)  
**3,529 M tkm**

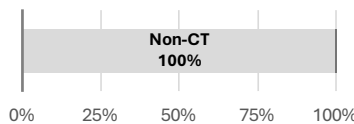

Share of Combined Transport (CT) and Non-Combined Transport in total rail freight transport performance (2022)

### IW\* Performance

Total goods transported (2022)  
**595 M tkm**

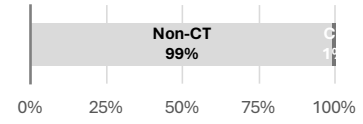

Share of Combined Transport (CT) and Non-Combined Transport in the total freight transport performance of inland navigation (2022)

### Road Performance

Total goods transported (2022)  
**13,659 M tkm**

Share of Combined Transport (CT) and Non-Combined Transport in total road freight transport performance (2022)

Performance Data: Eurostat, for all other sources of this country sheet please refer to the database

\*IW: Inland Waterway

## Transport Ministry and Cabinet

Ministry Contact

Cabinet Contact

Directorate for Railway Infrastructure and Transport  
Jasna Divić, Director, [uprava.zeljeznice@mmpi.hr](mailto:uprava.zeljeznice@mmpi.hr)

## National Authorities

|                             |   |
|-----------------------------|---|
| Regulatory Agency           | Croatian Regulatory Authority for Network Industries (HAKOM)  |
| Contacts                    | Kristijan Solina, Head of Department Railway Services Sector, SZU@hakom.hr  |
| Accident Investigating Body | Agencija za istraživanje nesreća u zračnom, pomorskom i željezničkom prometu / Air, Maritime and Railway Traffic Accidents Investigation Agency |
| Competencies                | Rail, Maritime  |
| Contacts                    | Tomislav Antun Biber, Chief investigator of railway, tomislav.biber@ain.hr, rail.safety@ain.hr, info@ain.hr                                     |

## National Freight Transport Plan / Strategy

- 1 Transport Development Strategy of the Republic of Croatia (2017 – 2030) | [Weblink](#)
- 2 Development of waterways and inland ports of the Republic of Croatia for the period 2018-2028 | [Weblink](#)

## Rail: Key Figures

Gauge | **Standard Gauge (1,435 mm)**

Electrification | **25 kV AC**

ERTMS current ETCS in operation (%) according to data available until March 2023 | **0**

ERTMS length to be equipped by 2030 (km) | **387**

Length of network in Km (2022) | **2,617**

Single track lines % (2022) | **89**

Average track Access charges for the Minimum Access Package from RUs (freight) (€/trainKm, 2021) | **1.09**

## Road: Key Figures

Weight per non-drive/drive axle (t) | **10/11.5**

Max. weight (t) | **40 (44 if engaged in combined transport)**

Max. length road trains (m) | **18.75**

Max. length articulated vehicles (m) | **16.5**

Max. height (m) | **4.0**, Max. width (m) | **2.55**

Long/high-capacity vehicle authorization | **no**, use on limited network, max. length (m): -

Length of Motorways, main or national Roads, secondary or regional roads (km, 2020) | **17,903**

Maut - charging of heavy goods vehicles in EU | **yes**

## Combined Transport Support Measures

Quality of railroad network (1: Low, 7: High) | **2.4**

Axle load (t) | **22.5**

Electrification of Last miles (Y/N) | **N**

Max length trains (m) | **740m in all corridor lines**

National rules - authorisation (ERADIS) (Y/N) | **Y**

Codification of lines (Semi-trailer/Swap body) | **NA**

Exemption - Ban of circulation road in CT (Y/N) | **N**

Exemptions – Maut (Y/N) | **N**

Others | **increased total gross weight up to 44t in case of CT operations**

Financial Measures | **It could be that there is no current programme in terms of the search criteria used here. Other (regional) funding opportunities may exist.**
